## Our Services Menu

During your complimentary consultation, we'll present and describe all of the services that we offer and their associated costs. All services are a-la-carte and can be purchased by the hour to best suit your needs and budget.

### Providing Complimentary Consultation

Together, we'll take a walk through your home, and together, we'll come up with an action plan to meet your goals with decluttering, organizing, and relocating.

### Decluttering, Sorting, and Organizing

We'll help you to decide, room by room, what you want to give away, discard, sell, donate to a local charity, and if moving, take with you to your new place. We'll make this sometimes overwhelming task easy.

### Arranging for Sale/Discarding of Items

Whether you have things you'd like to sell, recycle, donate, or send across the country, we'll help you with your unwanted items. We'll also provide an itemized donation list for your records.

### Creating Customized Floor Plan

Whether you're downsizing in place, or moving to a new home, we'll create a customized floor plan together with you that outlines where everything goes, room by room. We'll also take photos of rooms and contents as a guide for the new setup.

### Arranging Hire of Local Packers/Movers

Based on your needs and schedule, we'll contact and set-up local packing and moving companies for you to interview and hire.

### Overseeing Packers and Movers

Don't worry about not knowing which rooms' items are packed in which boxes. We'll oversee the packing and will label each box for the room and its contents. Example: "Bedroom: sheets & blankets."

### Assisting in Unpack/Setup of New Home

With all of your boxes labeled by room and contents, the unpacking and setup will go smoothly. And using the photos that we took, we'll make sure everything is where you want it. A place for everything, and everything in its place!
